WOW! That is what I have to say about our 2013 Trip Kickoff meeting two weeks ago. We had a packed house and all the trips had sales. There was definitely an excitement in the air! The good news: **Snowmass is SOLD OUT!** They currently have a wait list, so if you're of the hopeful "glass half full" persuasion, then please sign up. The **GREAT** news is we still have 6 other trips open and taking applications, but based on last month, a couple of them are over 75% sold. Plus, due to contractual commitments, we will be releasing unsold air and lodging for our **Mt Bachelor** trip on **9/15!** So **if you are considering a trip, I strongly recommend you get your deposit(s) in NOW!** Please let your friends and families know about the Club and direct them to our website, [www.orlandoskiclub.com](http://www.orlandoskiclub.com) for more information. Our trip leaders are always available via phone and email to answer questions.

I would like to congratulate our trip credit winners: Dian DeMille, Shari Zissman, Lanny Kirkpatrick and Mark Schenck. Dian & Shari are on Snowmass and Lanny & Mark are on Heavenly. They each won \$200 trip credits!

And speaking of our trips, one thing that I hear from guests and new members all the time is "I have a friend who doesn't ski but would like to go" or "I don't ski but would love to go". Well, here's a poorly kept secret: **you don't have to ski or snowboard to go and have fun on our trips!** All the resorts offer a wide array of activities that do not require you to ski: snow shoeing, dog sledding, ice skating, tubing, shopping, spas, cross country skiing, you name it! Or do nothing but enjoy the scenery if you wish. So don't feel that you can't go and have a great time without skiing or boarding.

This month we're changing things up and having our social on **WEDNESDAY, 9/12** at **Dexter's in Winter Park** from 6 to 8. Come and enjoy a nice evening after work. Meet your fellow Club and trip members at a great location. I hope to see you there!

Sincerely,

*Earl Schuette, President*
